Journal of big data (Online)

Journal of big data

Title: Journal of big data (Online)
Journal of big data

Format: Periodical

Subject(s): Big data.
Cyberinfrastructure.
Data mining.
Periodicals.

Publisher: Heidelberg, Germany : Springer-Verlag, GmbH, 2014-

Description: Irregular
Began with 1:1 (24 June 2014).

Notes: Access restricted to Rowan University students, faculty, and staff.
Journal of Big Data publishes high-quality, scholarly research papers, methodologies and case studies covering a broad range of topics, from big data analytics to data-intensive computing and all applications of big data research. The journal examines the challenges facing big data today and going forward including, but not limited to: data capture and storage; search, sharing, and analytics; big data technologies; data visualization; architectures for massively parallel processing; data mining tools and techniques; machine learning algorithms for big data; cloud computing platforms; distributed file systems and databases; and scalable storage systems.
Mode of access: World Wide Web.
